BEST PUPPY Griffith's LANFRESE LIMELIGHT and Working Puppy Group One

BEST VETERAN Griffiths & Miller's CH WALKON OKAY DOKAY with LANFRESE

A great day, being able to assess 137 boxers, perhaps a little like Boxer Heaven. I would like to thank City of Birmingham Canine Association for their invite to judge, and a big thank you for my Stewards on the day, especially Wayne Patterson for keeping my ring moving along enabling my Best of Breed and Best Puppy to compete in their respective Groups.

I think our Breed is in a very healthy state with some really top class Males and amazing quality Bitches. I did find overall we as breeders of the future need to pay attention to one or two particular points. One being wide underjaws and bigger sized teeth, a little less work in the heads so helping to keep the true boxer expression and also our depth of briskets which I feel is sadly missing. Overall the body shape, outline and carriage is very good.
